

Sternenberg Is Dead as Result Of Heart Attack

A. W. STERNENBERG

The community was shocked Monday night when word spread of the sudden death of A. W. Sternenberg, lumberman in Canyon for 22 years. Mr. Sternenberg suffered a heart attack about 8:45 and died in an hour at Neblett Hospital as the result of the heart attack. He was 70 years of age on December 15.

Mr. Sternenberg first opened a lumber yard at Albany. He came to Canyon in 1909 after joining the Rockwell Bros. firm for a short time then went to Plainview, and later to Tulia as manager of the Rockwell yard. He bought the lumber business in Canyon on February 14, 1927, which bears his name.

Since the close of the war his son, Bill Sternenberg, has been associated with him in the lumber business.

Mr. Sternenberg has been an ardent civic worker, serving on the school board for several terms. He has been an active worker in the Methodist Church, and has served on the official board of the church since coming to Canyon. His service as church treasurer has extended over 30 years.

The funeral services will be held Wednesday afternoon at 3 o'clock at the Methodist Church, conducted by the Pastor, Rev. Hubert Thomson. Interment will be in Dreamland Cemetery in charge of the Griggs-Warren Funeral Home.

Active pall bearers will be Jack Jennings, W. T. Oliver, L. W. Cole, Jack Downing, Jack Haley, Delbert Lowes. Honorary pall bearers will be members of the official board of the Methodist Church.

Survivors are Mrs. Sternenberg; two daughters, Mrs. Leonard Britt of Canyon and Mrs. Howard Batchelder of Bloomington, Ind.; one son, Bill Sternenberg of Canyon; seven grand children; one brother, Paul Sternenberg of Dallas.

Last Call Being Made for Census Of Scholastics

Lee Foster stated Monday that he was still looking for all youths in the Canyon Independent School district who were of scholastic age.

Over the week-end he located two young married women who would not be 18 years of age until after the first of September of this year. These are enrolled as scholastics.

Perhaps there are other young women or men who will not be out of the 17 year old age bracket on September 1. If so they should report to Mr. Foster at the court house before the end of March.

The scholastic roll is now about 1100 pupils for the coming year. To miss one single child who has reached scholastic age; or one person who is still 17 years of age on Sept. 1 will mean the loss of \$55 for the district for the coming year.

One Ticket for School Election Next Saturday

Trustees for the Canyon Independent School District will be elected next Saturday in the regular annual election.

Seven names are on the ballots, and seven trustees are to be named. A petition was filed several days ago asking for the re-election of the seven who have been serving since consolidation of 15 common school districts with the Canyon Independent School District. The trustees agreed to accept another term, if the voters so desired.

Names on the ballots will be: Dr. R. A. Neblett, Mrs. E. D. Harrell, W. R. Crow, Geo. R. Ross, Walter Graham, Clem Dugan, C. B. Erwin.

The election will be held at the City Hall, with J. W. Shook acting as judge of the election.

It is hoped that a large number of voters will take time to go to the polls and cast a vote of confidence in the seven trustees.

On May 1st, when their new term of office begins, the seven will draw for places for a one-, two-, and three-year term.

BROTHER DIES IN VIRGINIA

Word was received Monday of the sudden death of Fred C. Knipp, youngest brother of Mrs. L. A. Donnell. Mr. Knipp had lived in Lynchburg, Virginia many years and is survived by his wife, the former Frances Royall, and three children. He was hospitalized for three weeks following a light heart attack in September but was considered much better when sudden death came Monday.

95th Birthday of Sam Heyser Spent Quietly

On Sunday Sam Heyser was quietly honored on his 95th birthday by a card shower from many friends and acquaintances.

Mr. Heyser, active and alert, makes his home with his brother and sister-in-law, Quentin and Columbia Redfern.

Near Neighbors presented him with a beautiful birthday cake.

Mr. Heyser came from Kentucky to Texas to work on the T Anchor ranch in 1888. He also taught school at a school house near where Buffalo Lake now is. Ross Service remembers Mr. Heyser as his first teacher and made a call to congratulate him on his birthday and to recall old times.

While Mr. Heyser is not able to leave his home, he enjoys friends calling to visit with him and was exceedingly happy over so many cards and remembrances Sunday.

Carl Michael Returns From Overseas Duty

Carl Michael, son of Mr. and Mrs. Tony Michael, has returned home with his discharge from the army after having served overseas for 2½ years.

Carl has been assigned to the Graves, Identification and Burial Services and has traveled extensively over Europe during his assignment there.

He has been busy since his return working on stage settings for plays for The Little Theatre in Amarillo.

Mrs. Nettie Cleland visited with Dr. L. A. Donnell in Plainview Sunday.

Deadline of 1949 Car Tags To Be Friday Midnight

The sale of car license plates for 1949 was running away behind this week, according to Tax Collector M. E. Cantrell.

Last year a total of 3888 car plates were sold.

The total sale up to Monday was only 1860.

At the office in Canyon a total of 1200 license plates had been put out, while in South Amarillo the total was 650.

With the deadline on Friday night at midnight, officers are hoping that all who have not bought their 1949 plates will do so before time runs out.

Paid Fine For 90 Mile Speed Saturday

A new Mexico car on the highway north of Canyon Saturday was driven at an excessive speed. A patrol car attempted to stop the driver, who stepped on the gas, making 90 miles an hour and pulled away from the officers.

Warned by the radio on the patrol car, officers in Potter county stopped the car, and the driver paid a fine. Brought back to Randall county he paid another fine of \$38.00.

RANDALL DAIRYMEN MEET

There will be a meeting of all Randall County Dairymen at the Court House in Canyon at 8:00 p. m., Tuesday, April 5. All dairymen are urged to attend this meeting.

Mrs. Bill Cone Died Thursday at Perryton Hospital

Mrs. C. E. (Bill) Cone died Thursday afternoon at the Perryton hospital following the birth of a son on Thursday morning. This was the first child of the young parents.

The body was taken to Shattuck, Okla., where funeral services were held Saturday afternoon. This was the former home of Mrs. Cone.

Mr. and Mrs. Henry Cone and children were called to Perryton to be with their son. Mrs. Cone and Mr. and Mrs. Tod Cone have remained in Perryton since Thursday caring for the young baby, which is reported to be doing very nicely.

Bill is advertising manager of the Ochiltree County Herald. While in West Texas State he was editor of The Prairie.

Capt. Hud Prichard Flew B-36 Over the City Saturday Noon

The famous B-36 which made the non-stop flight around the world early in the month flew over Canyon at noon Saturday.

The ship was piloted by Capt. Hudson Prichard on this trip. The ship circled Canyon twice. The crew flew over Amarillo also in order to give citizens a look at the famous plane.

Capt. Prichard is stationed with the air corps in Fort Worth, but did not get to make the world non-stop flight. His crew was on a practice non-stop flight from the Fort Worth base.

Mrs. Dan K. Usery was called to Bonham Sunday morning by the death of an uncle. She returned home Tuesday morning.

Six Persons Killed in Two Car Crash

Six persons met their death Friday evening in a head-on collision on the three-lane highway north of Canyon. The two cars had pulled out of the outer lanes and met head-on in the middle lane.

The dead are Miss Dorinda Bond, her mother, Mrs. Icy Bond, Bob Lacy and Miss Carolyn Kelley, all of the Amarillo high school Sandstorm staff; Earl James Bolton and R. T. Chandler of Plainview, who were in the second car.

Miss Bond has been a teacher of Journalism in the high school for several years. She was formerly a teacher in the Canyon high school and was teacher of Journalism in West Texas State for two years during the war.

Miss Bond had brought Lacy and Miss Kelley to the Canyon News office Friday afternoon where they worked for two hours finishing an issue of the Sandstorm, which has been published in the News plant for several years. Mrs. Bond had been taken to the Neblett hospital for treatment.

Miss Bond came after the two seniors just before six o'clock and turned the wheel of her car over to Bob Lacy. She was riding in the back seat with Miss Kelley, while Mrs. Bond was on the front seat with Bob. According to a clock on the dashboard, the crash occurred at 6:38. Only meagre information could be secured in the confusion of the highway.

Mrs. Bond, Bob Lacy and Chandler were killed instantly. Miss Bond died a few minutes after reaching an Amarillo hospital. Miss Kelley died at 11 o'clock, while Bolton lingered until 3 o'clock Saturday morning.

Miss Bond recently sold her home in Canyon and was building a new home in Amarillo. She had been sick, and was out of school for a week. Her mother had taught school for several years in New Mexico, but had recently retired to come here to live with Miss Dorinda.

Memorial services were held Monday morning at the Baptist Church in Amarillo, which was attended by all members of the Amarillo senior high school and by many Canyon friends. The funeral was held for Mrs. Bond and Dorinda at Bovina Monday afternoon at 3 o'clock, with interment in the family plot there.

The funerals for Miss Kelley and Bob Lacy were held Monday afternoon in Amarillo.

The funeral for Chandler was held Sunday afternoon in Plainview, while the body of Bolton was shipped to Bentonville, Ark.

Miss Bond has many close friends in Canyon who were shocked when the news of the accident rapidly spread. While sponsor of the Eagles Tale in the Canyon high school, the Sandstorm in the Amarillo high school and The Prairie in West Texas State, she achieved great success in journalism. Her sponsored publications have always won highest honors.

The two Amarillo seniors who were killed in the unfortunate accident were among the finest youths who have been brought here during the years by Miss Bond and other sponsors. They closed their work Friday afternoon with the remark, "We shall be back early Saturday morning to finish this edition." Death was their lot in a very short time.

Other members of the Sandstorm staff came to Canyon Saturday to publish a memorial edition in honor of their beloved instructor and the two seniors.

Miss Malone Died In Austin Tuesday

Word was received by Miss Vera Crawford Wednesday morning that Miss Tennessee Malone died in Austin Tuesday. Funeral services were held in Dallas Wednesday.

Miss Malone had served as librarian at West Texas State College for many years before she retired about six years ago. She and her sister, Miss Fannie, made their home in Cousins Hall until Miss Malone retired. Then they moved to a private boarding house where they lived until last summer when they moved to Dallas. Later in the year Miss Tennessee was moved to Austin.

Street Markers First Business Canyon Chamber

Directors of the Canyon Chamber of Commerce were in session Thursday night for the primary purpose of discussing street markers. Three salesmen had promised to be present for the meeting, and since none showed up, action was postponed on this matter.

Two types of markers have been proposed: The concrete posts, with street names on four sides; and the type with names at the top of iron posts.

In view of the fact that it will take about 200 markers to adequately designate the streets of Canyon, the directors wish to secure the very best type.

A salesman showed up Monday with his samples of markers. Paul Lindsey, chairman of the committee handling this proposal, discussed with him the features of his marker. Mr. Lindsey will take some of the directors to Hereford for the purpose of discussing another type of marker.

The directors hope that it will be possible to place an order for markers within the coming month.

Citizens who have not numbered their homes are urged to do so at once. Salesmen of the Amarillo firm who placed numbers in front of their homes on Fourth, Fifth and Sixth Streets did not have much luck in collecting for the signs. Most of the numbers were removed Thursday.

Dr. Pies Harper, chairman of the committee on Town Hall, reports that due to so many activities in Canyon this spring, it may be impossible to hold such a meeting before Dr. Walter Juniper, new dean of the college, arrives. Dr. Juniper has been conducting such a Town Hall at Waco.

When this feature was proposed, it was a well known fact that the people of Canyon had many urgent affairs to attend during the spring months.

T. S. Stevenson of the Membership Committee, stated that he and Delbert Lowes and Ray Campbell were working on the assignment.

\$300,000 Palo Duro Park Bill Passed House Committee

The legislature will have a chance to express an opinion on the \$300,000 appropriation bill to pay off the bonds against the Palo Duro State Park.

The House appropriations committee has approved the bill, which places it on the calendar. It is predicted that the House will approve the measure.

There is reported to be opposition to the measure in the Senate, due to the fact that the state is running out of money.

Mr. and Mrs. Wilbur Davis of Hereford visited Sunday in the home of her parents, Mr. and Mrs. B. L. Cupell.

Two wrecked cars at the Lindsey Motor Co. are mute evidence of the terrific impact of two cars which met head-on in the third lane of the highway Friday night, killing all six persons in the wreck.

The Commies; What Shall We Do With This Minority?

What shall we do with the Communists of America?

We have an idea that most Americans are of the same opinion as we are: Either to tie a brick around the neck of each of them and throw them into the middle of the ocean; or make them go back to Russia to live under the rule of the land they profess to love so much.

Being just an ordinary human being, we throw up our hats at the idea of kicking the commies out of the schools of Texas. Just why should American citizens be taxed to educate the gang of fellows who would overthrow the government which is giving them all of the advantages of life which they enjoy?

Recently we heard a speaker who had lived in Europe, and knew the characteristics of the commies. It was his opinion that to repress the commies by law would be a mistake.

He was of the opinion that there was no surer way to suppress communism in America than to allow them to talk themselves to death.

That's the way the English do. That's the way they are treated in big New York, where the soap box artists wrangle night after night.

That's the way they do in California, where there are nightly meetings along the ocean, conducted by crackpots.

Let 'em talk, talk, and talk.

Unfortunately there is always a minority who have no think tanks of their own, and are willing to listen to the crazy spoutings of these commie leaders. This minority in turn may through their unusual personalities influence thinkers who do not stop long enough to thrash out an idea.

We saw an example—a horrible example—of what such a small minority can do to a student body. When the student strike was called, a handful of unwise, but persistent leaders, drew into their well organized machine the vast majority of West Texas State students, who were deceived by these leaders.

Usually sane folks will not fall for the stuff that is put out by crazy leaders; but again, a small minority of forceful leaders may in time become majority leaders.

That is the danger of the commies. One unbalanced college professor or a small group of unbalanced students may upset the thinking of a majority of the youth, who usually can be counted upon to think straight.

Communism as such is no threat to the schools of Texas. Unfortunately for the state, the commies have more sense than a lot of Americans, who proclaim their loyalty. The wise commies organize under cover and let the so-called good American citizens undermine the thinking of the people.

That is why we are branding the commies of Texas, in order that the people may know who is not thinking straight, and have no plans for straight thinking.

That is why every commie will be deprived of the political and educational privileges which he has been enjoying in Texas in the past.

End of Month of March Will Soon Bring Press Convention

Gee whiz, but time does pass in a hurry. Here it is March 31, the end of the third month of 1949.

Incidentally, it is just one more week until the opening of the 40th Annual Convention of the Panhandle Press Association.

Thought you were going to get by without reading a plug for this convention this week, didn't you? Not a chance.

In view of the fact that the Newsman is winding up his career as an officer of the Panhandle Press Association with this 40th Annual Convention, we are hoping for the biggest and best convention of the association.

We want to see all of the Panhandle publishers at the convention.

Socialized Medicine Is Being Boosted by Doctors, Dentists

As we have stated many, many times, the organized medical fraternity of America, is pushing through socialized medicine, in spite of their professed opposition to this form of medical practice.

Why and how? By the absurd high prices which are being charged by the doctors and the dentists.

The average family cannot get adequate medical attention because of high prices. Yet, the doctors and the dentists continue bleeding the people for every cent that they think they can collect.

They should consider what they are doing to their profession.

The News is starting work on a big 8-page edition for The Prairie, student publication of West Texas State College. This edition will be profusely illustrated and will be sent to all high school seniors of this area. Frankly, more students should come to this splendid institution. They should stay at home for their education, rather than travel great distances to attend colleges and universities which offer them no better advantages than their own Panhandle college.

Churchill is back in America. The commies and their fellow travelers met his ship and spread picket lines, carrying insulting banners. Of course Churchill is not bothered by such antics. They have commies in England too, and the English speaking people allow them to say their say without restraint. Over in Russia, the land these commies profess to love, they would be shot for not first checking their opinions with old Joe—yes, "Good Old Joe."

If liquor is such a fine thing for the human race, why don't we serve booze in churches and in the school room? Just who would favor hiring a school teacher who got drunk; or a preacher who went into his pulpit on Sunday morning after being drunk Saturday night?

If the American Indian had enough votes, there would be a vigorous campaign begun to restore his lands to him.

You can estimate the number of automobiles that the average family needs if you can count the number of people in it.

Big business propaganda can be counted upon to oppose anything that is not to the pecuniary gain of big business.

We All Have a Chance to Aid In Development of Palo Duro

Chances for paying off the debt against the Palo Duro State Park seem to be pretty slim at the present time.

Governor Jester and the Comptroller warns that the legislature has spent the 100 millions surplus which existed before the session opened, and that there is danger of a deficit at the end of the session. That would be bad business for the state to be in the red again. Those who sell to the state or work for the state might again be forced to discount their state warrants.

Citizens of the Panhandle are not dismayed over the situation.

Why not build the attendance at the Palo Duro so that the debt may be paid off, in spite of legislative spending, and that improvements may be made without state aid?

There are thousands of people right here in Randall county who have not visited the Palo Duro State Park in years!

There are a half million or more people right here within easy riding distance of the Palo Duro who have not taken time to see the beauties of the Palo Duro.

This is no "Little Grand Canyon." Those who have looked down into the Grand Canyon saw nothing but a drab hole in the ground. The Palo Duro is colorful.

The Palo Duro is romantic.

The Palo Duro has a distinct coloring all of its own.

The Palo Duro has a history that every school child in this area should know.

It is true that there was little or no incentive for local citizens to put forth much effort to build the Palo Duro State Park while the big debt was against the land. Now that the debt has been reduced and the bonds are well handled, all citizens of this area should be willing to get in there and do something to make this more than a regional park.

You are going to hear more about the Palo Duro. A well known man has taken over the job of putting the Palo Duro on the map. When he gets geared up, things will happen.

In the meanwhile, drive out to the Park and look at the beauties of this wonderful work of nature.

Annual Appropriations For Texas Institutions Proposed

Lt. Governor Allan Shivers comes out with the proposal that Texas lawmakers pass appropriations on a one-year basis, instead of the usual two-year period.

The idea seems to be catching on with the legislature, and we shall not be surprised to see a constitutional amendment submitted to the voters on this subject.

For years the legislature has demanded that appropriations be itemized. This made it practically impossible for heads of institutions to look ahead two years and contemplate all of the needs of any one department for such a long time.

Two years ago the legislature passed the lump sum appropriation bill which allowed these heads to meet the changing necessities. There are some lawmakers who think that the educational institutions should be returned to the old system. And what a tragedy this would be!

Shivers claims that because of changing economic things, the legislature should meet annually and appropriate funds annually.

We would add one suggestion: Provided the legislature will take care of the needs of existing institutions before it establishes more institutions. Shivers has been trying to push through a bill for two million dollars to take over as a major educational institution a junior college in his home town. There are probably 50 other communities of Texas which would like to see their junior colleges taken over as Shivers proposes.

Visitors to Palo Duro Park

J. B. Elliston of Hereford was here Thursday. He brought four men from the Northwest part of the nation who had seen his motion pictures in that section. They represented four states, and wanted to get a first hand view of the beauties of the Palo Duro State Park.

When citizens of the great Northwest, which has many places of scenic beauty, will come a thousand miles or more to see the Palo Duro, why do not the people of the Panhandle drive a few miles to see this great structure?

Old Berl is a real evangelist for the Palo Duro.

Killing stray dogs with a gun shot is one thing; killing them with poison is another thing. Poison is the most inhumane method. Those who have witnessed the death of any animal by poison will be reluctant to put out poison to either man or beast. It is perfectly legitimate to kill stray dogs, but do not poison them.

When it comes to passing veteran pensions bills, the opposition wants to make certain that he remains unknown. Why is it that politicians do not have the guts to stand up and vote their sentiment? We are glad that Gene Worley refused to support a pension bill that would bankrupt the nation.

An American operator of big time gambling joints has returned from the famous Monte Carlo with information on all of the latest devices of skinning the suckers. Just why people will throw their money to the wind and patronize these joints is hard for us to understand.

Frankly we do not like these March winds. Hope that April weather will be a little more kind to this Panhandle section.

The opening of the baseball season will relieve the mental strain of vexatious issues upon millions of Americans.

Why does a man work so hard that he kills himself trying to earn the leisure time that he doesn't live to enjoy?

We hardly suppose that the work-stoppage in the mines was designed to get rid of some on-the-surface coal.

Everytime the cost of living goes down a fraction of a per cent, the experts advise that deflation is about to get us.

Ex-Student Writes of France, WT and Marshall Plan Aid

Ulane Zeeck, West Texas State graduate of 1940, and now Mrs. Paul Bonnel of Paris, France, writes that she "owes a lot to WT" and that the Marshall Plan is working in Western Europe.

In a letter to a present faculty member, Ulane says in part: "I hope WT will continue to grow, and not just in size, but much more important, in its scholastic standards. I've thought a lot about that school. It doesn't have grand pretensions, but honestly I have found in meeting hundreds of other people from much older and much more renowned schools that my education compares favorably with the best. I owe a lot to WT."

Mrs. Bonnel made a quickie trip to the campus during the Christmas holidays and found it all but deserted. Her husband, a French naval officer, was in the States on a military mission and she came with him. She visited her parents in Lamesa and explained in her letter she had time for little else.

About her trip back home she said, "I must say that the whole country looked mighty good to me. It was

wonderful to be back home again, to see once again the perfectly overwhelming wealth of the country, to taste once again the exhilarating energy of the American people. After knowing and loving France and Paris, I think I have never appreciated my own country as I did this time. It wasn't because I had been homesick or lonesome, because I hadn't. It is a great country, the United States; and it is an extreme-

ly fortunate one. We have, in the United States, a particularly fortunate combination of things, especially materially speaking. I hope we have the wisdom to use our wealth for the benefit of ourselves and the world. I think we are doing rather well right now. You can not know without living in Europe what a wonderful thing the Marshall Plan is and how much it has improved the daily life of the people of Western Europe. I feel that I am completely justified in being very proud of my country on that score."

IMPROVEMENTS

"You said," exclaimed the irate caller, "that I had resigned from the town council and intended retiring from business into private life."

"But," protested the editor, "all that is quite true—"

"Quite. But you printed the information under 'Public Improvements.'"

Carl T. Durham, Member of Congress from North Carolina: "There are many people all over the world who believe in this country and what it stands for implicitly."

New Traffic Rule Announced Soon

Notice to all car owners and car drivers:

Starting at a date to be announced in the near future, traffic violations in the zone of the Cafeteria will be brought to justice.

The announcement of the forthcoming plans came this week.

E. D. Walker, campus supervisor, has been deputized by county officials and will have authority to tag all vehicles parking in the restricted zone between the Education building and the Cafeteria.

An assessment of \$3 will be charged violators.

HE DIDN'T UNDERSTAND

"What are the alumni chipping for now?"

"It's the football team, old man. We want to get them a sound coach."

"Hadn't we better get a motor bus?"

FINAL DECISION

He: Did anyone remark on the way you handled your new car?

She: Why, one man made a brief remark.

He: What was that?

She: Fifty dollars and costs.

MODERN

Young lady motorist: "It's snowing and sleeting and I'd like to buy some chains for my tires."

"I'm sorry—we keep only groceries."

Motorist: "How annoying! They told me this was a chain store."

Dewey Short, Member of Congress from Missouri: "We spent two billion dollars on the atomic bomb before anyone around here knew anything about it."

FEMALE GOLD MINE

She: "I hope your recent marriage has turned out a great success."

He: "Oh, quite: I've already made three plays out of my wife's past."

Inspection of Company E Is Held Wednesday

Co. E, 142nd Infantry was inspected Wednesday night, March 23 by General H. Miller Ainsworth and his aides. The complete inspecting party consisted of General Ainsworth, Colonel McNabb, Colonel Hobart Murphey, Colonel Simpson, Colonel Bishop, and Major Cheshire. General Ainsworth is the commanding General of the 36th Division covering the state of Texas. He has been inspecting all troops in Texas connected with the National guard and highly commended this company for the showing they made. The inspection included the troops on the parade field, the strong room and weapons, the office and records being kept by this company. General Ainsworth stated that Company E was in fine shape for the Federal inspection coming in May. Company E received a total of \$13,012.69 in pay for the year ending March 1, 1949. This was in payment of sixty-eight enlisted men and three officers. They expect to receive more this year, according to Captain Olson.

Record firing will begin this week end, April 2nd and 3rd. An Amarillo company will begin the first week. Company E is expecting to be on the firing line the last week end in April.

Lions Club Heard W. H. Upchurch in Farm Discussion

Members of the cast of "Almost Eighteen," Canyon High Senior Class play presented last Friday night, entertained the Lions Club at their regular luncheon last Thursday by giving several skits adapted from the play.

W. H. Upchurch was the principal speaker at the luncheon, discussing various farm problems. He pointed out that "the price level for farm products is more important to the general economy than the price level in any other industry," and the reason for this is the fact that farm income is based on new wealth.

He said, "It is the hope of organized agriculture that price support could be used to cushion the drop in prices from the war time high to reasonably stable levels, without the customary depression."

He stated that one of the principal problems of agriculture is the fact that there is an uncontrolled abundance of farm products as against controlled production in the things the farmers must buy. The farmer, of course, desires a reasonable relation between the price he gets for his products and the price he has to pay for what he must buy. He pointed out that no farm program can be entirely successful, in his opinion, if the rest of our national economy is tied up by squabbles between management and labor or if production in industry is impeded by labor or management monopolies.

Lion Larry Holman was welcomed as a new member by Lion Bud Hickman. Judge Burney Slack and T. S. Stevenson, Jr., were guests.

MRS. DUNN IS HOSTESS TO EDGETOWN H. D. CLUB

The Edgetown Home Demonstration Club met with Mrs. C. W. Dunn at her home at 1800 Fourth Avenue on Friday, March 25.

The daily creed was read in unison after which roll call was answered with verses from "The Sermon on the Mount."

Following a brief business session, Mrs. Charles Stratton gave a report from Fox's "Sermon on the Mount." The report was in the form of a criticism; then a round table discussion of the book was held.

The hostess served delicious chicken sandwiches, banana cake and punch to Mrs. R. D. Lowry, Mrs. J. L. McCarter, Mrs. J. H. Wright, Mrs. J. C. Dowd, Mrs. Frank Wright, Mrs. W. I. Wester, Mrs. DeGraffenried, Mrs. Jessie Reid, Mrs. C. Anderson, Mrs. W. H. Sparks, Mrs. Chas. H. Stratton, Mrs. T. T. Fain, Mrs. Pennie Cox and Mrs. J. R. Sharp.

Charles F. Brannan, Secretary of Agriculture, wishes that Mr. Truman had not saddled him with the job of trying to sell new inflation controls to Congress at a time when members are becoming worried about deflation. The Secretary finds it difficult to make a dent on sentiment in Congress when he asks for new curbs on credit, prices, wages and other things while asking at the same time to do more to bolster farm prices.

Charles E. Bohlen, Counselor of the State Department and one of the top advisers on Russian policy, is soon to be shifted to a new post. A change in direction of U. S. policy is not to result. Policy line, now fixed, calls for a minimum of contacts with Russia.

John L. Lewis surprised even his closest aides when he called his latest walkout in coal. Almost none of the associates of Mr. Lewis knew that he was even considering a call to stop work.

POOR FISHING AT TACOMA

M. B. Brown of Canyon, Henry Blackburn of Blackburn Sporting Goods, Amarillo and Clark Waggoner of Waggoner Jewelry, Amarillo, have just returned from a fishing trip to Sherman Lake, Texoma. Mr. Brown reported that they had very poor luck because of the weather. They were in the middle of the storm this last week end.

Thomas B. McCabe, Chairman of the Federal Reserve Board, is concerned about complaints from small member banks that they are put at a disadvantage by belonging to the Federal Reserve System. Nonmember banks are not subject to the added restrictions on bank credit imposed by the Reserve Board last September. Only about half of U. S. banks are members of the Reserve System.

WORLD PEACE

WORLD PEACE! That cry comes straight from every heart today. We must not lose heart, we must continue to believe in God and His good will for His world. War is wrong! War is contrary to all the teachings of Jesus. God is no more satisfied than we are with our war-torn earth. Our Lord is the Prince of Peace; His ways are the ways of truth and love. He is calling us to work with Him more faithfully and more intelligently. We have been war-making instead of peace-making.

HAVE we trusted that somebody else would make Peace? Have we trusted that Kings would bring about peace? Their very position makes them war-makers. Our demand that they bring prosperity to the people at the expense of another is a war demand. Have we trusted armies to make Peace? Again we have erred. Their very business is war-making; they must subdue other armies. Have we expected that economic treaties would make Peace? Again, the business of the world is highly competitive; investors demand profits from their money and their toil...profits that come from economic victory. **INTERNATIONAL CONFLICT CAN BE SOLVED; WORLD PEACE MUST COME. How?**

CHRISt is our answer, and we must answer to Christ. **RELIGION IS OUR HOPE; RELIGIOUS PEOPLE WHO FOLLOW THE GREAT TEACHER AND FRIEND AND SAVIOR WILL MAKE PEACE.** The Cross is the symbol of Peace. **SWORDS MUST GIVE WAY TO PLOUGHSHARES, AND SPEARS MUST BE REFASHIONED INTO PRUNING-HOOKS.** What is that word you spoke yesterday? Did it make for Peace or for strife? When you finished the business transaction, did you leave a friend on the other side of the bargain? **THE PRINCE OF PEACE IS NOT A RULER OF MEN, BUT A FRIEND AND A SUFFERING SERVANT.** Are you and I willing to suffer in the cause of Peace? We have suffered enough for war. Our boys want to live, and to live abundantly; to construct, not destroy; to love, not hate. Peace will cost us much; kind words, generous dealings, goodwill, helpfulness and patience and self-control. Do we pray first for our own success, or for Peace? God is the Peace-maker; Peace-makers are the children of God. Grace and Peace belong together; graciousness of spirit will go ahead of abiding Peace. Are you and I gracious toward every other person? **PEACE IS A MATTER OF SPIRIT AND OF SACRIFICIAL BEHAVIOR.** We are being watched. Shall we make sacrifice for Peace? Shall we forget the Crown and the Thorn? Shall we carry a cross?

Gala Fiesta '49 Plans Continue

Fiesta '49 will provide a day of Mexican markets, Spanish rhythms and skits when it is originated on the campus of West Texas State College on April 9. Twenty-five schools and colleges have accepted invitations to participate.

The Fiesta is being sponsored by the Llano Estacado Chapter of Teachers of Spanish. Among the features will be an outdoor Mexican market made of vendors from attending schools, singing of Spanish popular favorites and a variety show of Latin-American numbers. Students from the attending schools will present the show.

Climax of the day will be the Queen's Ball at which time a Queen to reign over the Fiesta will be chosen from among the school entries. WT folk dance students will be on hand to teach the Raspa and gay las Chiripanecas, popular Mexican dances.

Schools planning to attend are Texas Technological College, Wayland, Amarillo Junior College, Eastern New Mexico College, University of New Mexico, high schools from Rotan, Lamesa, Brownfield, Lubbock, junior and senior highs, Plainview, Amarillo, Elizabeth Nixson Junior High, Sanborn Junior High, St. Mary's, Childress, senior and junior highs, Dalhart, Borger, Vega, Hale Center elementary school, Dumas, W. T. High and Junior High.

Bufs in New Gym By '50-'51 Season

"We hope to be playing in a new gym at the start of the 1950-51 season," athletic director William A. Miller related in an interview Tuesday.

This is music to the ears of the West Texas student body and all Buffalo followers. Old and cramped Burton Gym, the antique of the campus, has been left behind by the growing college and the spreading fame of the "Tall Texans."

The building, by present plans, will be built southwest of the football stadium facing the highway running north and south by the campus.

Adds Miller, "It will be something for the folks to drive by and see. It won't be a hangar with a gym floor and a basketball court in it. It will be built specifically as a modern, up-to-date fieldhouse."

Tentative plans call for a seating capacity of from 3,000 to 4,000. Miller said there is some objection to these figures with the dissenters holding out for a seating capacity much larger.

Psychology In Business Discussed at Rotary Luncheon

Dr. J. B. Roberts talked at the Rotary Club luncheon Tuesday on psychology in business. He was a member of a firm in Chicago which made a study of the human side of business, starting with the heads of firms. While business has set aside millions of dollars for research in mechanical engineering, in order to improve production, business has found that it must know about the fellow who operates the machines.

The world is full of consultants, who measure, test and score men, but the firm with which he worked did not bank too strongly on such tests. It analyzed men, to find out how they ticked and what made them tick.

In starting with heads of firms, the company must find out what matter of men were in charge before it could ascertain business problems. A study was made of individuals

in order to ascertain his strength and his weaknesses. "I have seen horrible examples of delinquency in parenthood and in teachers," stated the speaker. The world is full of people who have been scared by parents and teachers. As a result of his work, he was very anxious to get back into the teaching profession where he might tell the teachers of their tremendous obligations and opportunities.

He pointed to a man in Denver head of a large firm, who was maladjusted because of his large size in the sixth grade, which made him the joke of the teacher and the children of his grade.

A man in Houston stammered in the 4th grade. He was forced to leave school and move away because of ridicule by the teacher and pupils.

A mother had ruined the life of an El Paso man.

In his investigations for the firm he represented, Dr. Roberts was led to the conclusion that maladjusted cases may be traced to either the home or the school.

Visitors were: Dr. E. D. Sorenson of Elk Horn, Wis.; M. C. Jenkins, Bill Cobb and Oliver Cobb, all of Memphis, Tenn.; I. C. Eason of West Memphis, Ark.; Arch Hunsley, Earl Kromer, Arthur Osgood, John Hill, Jack Allen, Roy P. Eastland, Forrest Barnes, E. Kancher, J. E. Bowman, all of Amarillo.

Fairview Breezes

This Sunday is the closing of a very successful week end revival conducted by L. E. White assisted by the Rev. and Mrs. Gerald Johnston. CLUBS FROM AMARILLO ARE GUESTS AT MUSIC ARTS TEA

Members of the Music Arts Club were hostesses for a Guest Day Tea on Wednesday, March 30, at 2:30 in Miss Brigham's music studio at the college. Guests were the Philharmonic Club and MacDowell Club of Amarillo.

On the program, Mrs. Don Bowie, Jr., represented the Philharmonic Club singing "O del dulce ardor," by Gluck, and "Ah! Je veux vivre," from Romeo et Juliette, by Gounod. She was accompanied by Mrs. C. D. Van Vleet. Representing the MacDowell Club were Miss Mary Lou Higgs and Mrs. C. E. Birkmeyer, who played a piano duet, the Over-

ture to "Midsummer's Night's Dream," arranged by Sidney Smith; and Mrs. Arthur J. Martin, who sang "By the Lake of Killarney." Mrs. Martin was accompanied by Mrs. Birkmeyer. The Music Arts Club was represented by Miss Matilda Gaume and Mrs. Ples Harper, duo-pianists, playing "Waltz" from the Second Suite by Rachmaninoff, "Reel" from the Celtic Set by Henry Cowell, and "South of the Rio Grande" by Jacques Miller. Mrs. H. R. Fulton, Jr., soloist, sang, accompanied by Miss Gaume.

Refreshments and decorations for the tea carried out the Easter motif.

CENTERVIEW CLUB NETS GOOD SUM FROM EARLY BREAKFAST

Mrs. A. E. Wise was hostess one morning last week to the come as you are breakfast for the Centerview Home Demonstration Club.

Mrs. Vivian Myers, Mrs. Mildred Devin and Mrs. J. W. Wesley called for members and found everyone of them except Mrs. Serena Bryan in garbs that each hesitated to go anywhere in. Some of them really did go just as they were. Others preferred to pay the exacted toll and at least comb their hair and use a little makeup. These extra frills net a good sum for the treasury.

The following were served a delicious waffle breakfast by the hostess: Mrs. Inez Shipman, Mrs. Edna Wilson, Mrs. Lizzie Wesley, LaVena Amerson, Mrs. Orene Rogers, Mrs. Evelyn Schaeffer, Grace Rogers, Mrs. Winnie Bryan, Mrs. Letha Patterson, Madge, Mrs. S. P. Sharpes, Mrs. Annie Wesley and Mrs. Reynolds.

Billie Bonds and Ray McDonald Wed by Double Ring Service

MR. AND MRS. RAY McDONALD

On Thursday afternoon, March 17, at 3:30 o'clock Miss Billie Bonds, daughter of Mr. and Mrs. W. P. Bonds, became the bride of Ray McDonald, son of Mr. and Mrs. H. C. McDonald in an impressive home ceremony.

Joe Watson, Minister of the Church of Christ, read the double-ring service before an arch of greenery flanked by tall baskets of gladioli.

Miss Ruby Lee Bonds, sister of the bride and the bride's only attendant, entered with the bride and wore a grey suit with pink accessories. Her corsage was white carnations.

Clifford Burtz was best man. For her wedding the bride chose a grey tailored suit, pink blouse and blue accessories. She carried a white Bible topped with gardenias and rose buds. Her something borrowed was a cousin's earrings and something old was her grandmother Bonds' wedding ring.

Mrs. Bonds, mother of the bride, wore a brown suit. Mrs. McDonald, mother of the bridegroom, wore a blue suit. They wore identical white carnation corsages.

Immediately following the ceremony the beautiful two-tiered wedding cake was cut and served with punch to the guests. The refreshment table was laid with white drawn-work linen and centered with an attractive arrangement of orchid and white sweet peas.

Miss Earlene Davis presided at the punch bowl. Mrs. Jim Westfall served the cake. Miss Imogene McDonald, sister of the bridegroom, registered the guests.

After a wedding trip to Ruidoso, and other points in New Mexico the couple are making their home in the Jewell community where Mr. McDonald is associated with his father in stock-farming.

Mrs. McDonald is a graduate of West Texas High School. Mr. McDonald is a graduate of Canyon High School. They were both active in school affairs and were popular with both students and faculty members.

MRS. T. G. BONDS HOSTESS TO JOWELL H. D. CLUB

The Jewell Home Demonstration Club met in the home of Mrs. T. G. Bonds on March 16.

Club was opened by the singing of the club song, "I Would Be True." Roll call was answered with the naming of cooked foods that each member had frozen. Miss Patterson gave a discussion on baked products from the locker. Mrs. Roy Byrd, Jr., displayed frozen sandwiches and cookies she had made.

After the business meeting was adjourned a commodity sale was held.

Refreshments of sandwiches, cookies, jello salad, ice tea and coffee were served to Mrs. John Robinson.

Sanders Celebrate Golden Wedding Day Anniversary

MR. AND MRS. M. C. SANDERS
Three of the nine children of Mr. and Mrs. M. C. Sanders gathered with their families at their parent's home on Sunday March 20, to celebrate very quietly the Golden Wed-

ding anniversary of the Sanders.

Mr. Sanders was born in 1875 and Mrs. Sanders in 1882. Both are natives of Edmondson County, Kentucky, near Mammoth Cave. They were married in Cameron, Illinois on March 21, 1899.

They moved to Texas in 1912 and settled on the XIT headquarters at the Ray dipping vat 10 miles north of Bovina. They moved to Canyon in 1922 and Mr. Sanders was foreman of the Santa Fe section to Umbarger. He continued in this capacity until he retired May 31, 1940.

Mr. Sanders figures that he began working for the Santa Fe in 1894. At that time the road was using 60 pound rails. One of his early big jobs was to help up this and lay 75 pound ones. The road now uses 131 pound rails. Mr. Sanders also helped to lay this last weight.

There are nine children living. One son, Ben, died at the age of eight from having sucked a sand burr into his lungs. Earl Sanders, the oldest child, has over 30 years service with the Santa Fe and is on the X. section now. Mrs. Murrell Peppard lives in Canyon; Mrs. Frances Scott, Mrs. Clara Spain and Mrs. Hazel Tyler all live in Watsonville, California; Milton Sanders is in Stratford, Texas; Mrs. Edith

Murphy lives at X L; Mrs. Mae Young is at Santa Rosa, New Mexico; Calvin lives at Crows Landing, California. There are 13 grandchildren and one great grandchild.

Mr. Sanders is an ardent hunter and fisherman. His hobby is making bows and arrows and keeping fly rods in A-1 condition.

Miss Mae Simmons Heads Society of Randall and Potter

Miss Mae Simmons, assistant professor of primary Education at West Texas State College, was elected president of Pi Chapter of Delta Kappa Gamma Society at a meeting in Amarillo this week. She will head the women teachers' organization for two years. Mrs. A. B. Holt, WT ex-student and Canyon resident, was named corresponding secretary for that period.

The chapter will send Miss Simmons as a delegate to the state meeting at Houston on April 28 and 29. There are 140 members of Pi Chapter who live in Potter, Randall, Deaf Smith, Armstrong and Oldham counties.

Hereford Folks Fail To Grab Dollars at Bargain of 89 Cents

A St. Patrick Day stunt was tried out in Hereford. A citizen dressed in gay Irish garb worked the streets, armed with 50 silver dollars which he offered at 89 cents.

The dollars were good; but the people were suspicious. He begged, and talked, and wrangled, finally disposing of the 50 silver dollars.

It was a job to dispose of the dollars at a bargain price.

A lot of folks were proven to be suspicious of "cheap" money.

Seniors Play to Full House

Outlaws Snatch City League and Championship

The "Outlaws" opened the city championship play offs after taking the league without suffering a single defeat. The opening game started with a bang, by defeating the Maverick Club in a fast game 56-31. Harold Martin led the scoring attack with 13 points, but was unable to play the two remaining games due to a hurt ankle, followed by Billy Samples with 11 points, and Glenn Prater with 10. The losers were spaced by Ken Wardlow with 11 points.

In the second of the best two out of three series the "Outlaws" lost their first game to the Maverick boys in a hard fought game 29-28. The game was a close race from start to finish, the "Outlaws" fell behind in the third quarter, but came roaring back in the fourth but were unable to catch the Maverick boys before the time ran out on them.

The "Outlaws" were sparked by Billy Samples with 9 points and Philip Busted with 8.

In the last game the "Outlaws" came flying back to avenge their loss by running over the Maverick boys 51-41 in the final game. The scoring attack was almost evenly divided with Carl Hair leading with 20 points followed by Charles Lindsey with 11, Philip Busted with 9, Glenn Prater with 7, and Billy Samples with 4.

During the sixteen games the "Outlaws" scored 673 points to their opposition's 357. The number of points scored by individuals for the "Outlaws" were: Harold Martin with 249, Philip Busted with 166, Carl Hair with 146, Billy Samples with 136, Glenn Prater with 78, and Charles Lindsey with 27.

Devin, Bell Exchange Subjects for Week

Homemaking 11 classes under Mrs. Camillia Bell and Ag. 111 boys under Mr. Lloyd Devin exchanged classes for four days last week.

Mr. Devin taught the girls gardening, emphasizing what vegetables grow best in this country and when to plant them.

The boys studied nutrition with emphasis on vitamins and their functions and sources. They also had a cooking laboratory and made ice-box cookies. They ate some of the cookies and sent part of them to the FHA area meeting for use at the tea.

"The boys followed instructions and seemed to enjoy their laboratory," says Mrs. Bell.

Ag Class Observes Livestock Sales

Learning how agriculture products can fit into market demands and studying the markets are some of the objectives of the third year ag class as they attended the livestock sales at Amarillo last Monday morning.

The class also studied buying cattle, since some of the members plan to follow that line of work as their life's work.

While there, the boys practiced classifying the grades of cattle at Amarillo, as this will be part of the work of the judging contest they will attend at Lubbock soon.

The marketing work in Amarillo

Standing room only was available at the annual Senior Play presented in Canyon High School auditorium last Friday evening. About \$275 of the money made is expected to be clear profit," states Betty Ann Erwin, business manager. Each senior participated in the selling of tickets. Twelve seniors served as members of the play cast. Jimmy Lindsey was stage manager, assisted by Philip Busted and Marvin Cornette. Betty Schuette was publicity manager.

Entertainment between acts was by the sextet consisting of Betty Schuette, June Chain, Mary Ann Sloan, Rebecca Irvine, Sarah Martin, and Faye Gunter. Donna Erwin played piano solos between acts, and preceding the play.

Both sponsors, Mrs. A. K. Knott and Mr. Ray Schultz, declared "We enjoyed working with the play cast and feel that they did a wonderful job. Also we wish to compliment each member of the class on the selling of tickets and doing other odd jobs. Special mention goes to Jimmy Lindsey for his excellent job as stage manager.

"The senior class as a whole wishes to express its appreciation for the good turn out and the between acts specialties," says Donald Davis, president.

was concluded by noon and the boys returned to CHS in time for afternoon classes.

"We feel that such practical courses justify any attention or slight expense we may give them," says Principal J. E. Miller.

King and Queen Are Elected

Seniors vs. Faculty To Make Money for Senior Trip Fund

Hurry! Hurry! Hurry! to the Canyon Grade School Gym Friday night at 7:30 p. m. and you will see such basketball stars as Ray Shultz, Jack Barnett, E. A. Wooten, T. L. Devin, Jerry Jacobs, W. L. Potter, and Perry Bell along with their Coach J. E. Miller in action.

Canyon's High School's high flying Seniors are playing the faculty of Canyon High School. The game will be for the benefit of the Senior Trip Fund. Playing for the seniors will be Richard Walters, a four year letterman, Billy Cleavinger, a three year letterman, Jerre Inman, a three year letterman, Jimmy Lindsey, a two year letterman, Philip Busted, a member of the city championship team in Amarillo and such intramural stars as Weldon Hacker, Marvin Cornette, Bryce Slack and Willis Parsons.

Lloyd Devin starred at Union Hill, Valley View and Tulia. Jerry Jacobs was the hotrod for the Spearman Lynx in his high school days. W. L. Potter lettered three years at White Deer; E. A. Wooten played for Canyon High School. Ray Shultz said he played until he was a sophomore and started smoking and couldn't play any more. Jack Barnett played at Bovina, and Perry Bell played with the hillbillies in Tennessee.

"We expect to win in even stride," states Coach J. E. Miller.

"I think that my boys are in good shape and should give them a hot game, as my players are fully confident of victory," states Coach Don Hickman of the Seniors.

The referees will be furnished by the John Deere Implement Co. of Canyon.

Zachry, Winn Are Teams' Choices

Ema Gene Zachry and Bruce Winn have been selected queen and king of basketball for 1949 by lettermen of Miss Paula Frazier's Eaglettes and Coach R. D. Wheelock's Eagles.

Ema Gene is a senior in CHS. During her freshman year, she was secretary of her class and a member of the Speech Club. Her sophomore and junior years found her vice-president of FHA, a participant on the volleyball team, and a member of the CHS Drum Corps. In her junior year she was also a candidate for Halloween Queen, Exchange Editor of the Eagle's Tale, and became a member of the Quill and Scroll. During her senior year she was basketball and volleyball manager, elected by the senior class to be "Daisy Mae" in their Sadie Hawkins program and was a member of the Annual Staff.

Bruce Winn is a junior in CHS. He has lettered in basketball three years and in football and track his sophomore year. During his freshman year Bruce was captain of the Junior team and represented them as an all-tournament player. He has been a member of the FFA three years and is third vice-president of that organization this year. He was a nominee for SFC vice-president and was in the Junior play. Bruce also coached the Sophomore team which won the high school intramurals this year.

Eaglettes Capture Second Place

The Canyon Eaglettes won second place in Amarillo High School's Third Annual Girls' Invitational Volleyball Tournament Saturday night after being defeated by Claude in the finals 15-10, and 15-4 at the High School Armory.

Canyon paved the way to the finals by defeating Dumas two of the three sets played 15-6 and 15-6. Their next victory was over Phillips 15-9 and 15-10. Phillips won one set 15-13. W. T. High was their third opponent and the Eaglettes defeated them in the semi-finals 15-6 and 15-9. W. T. won one set 15-10.

Members of the all-star team were: Bobby Ford and Dorothy Duniven, Canyon; DeLena Stewart, Dumas; Reba Sloan, Spearman; and Coretha McAdams and Bernice Eisenhower, Claude. Miniature volleyball was presented to the tournament all-star team as a donation of the News-Globe Golden Gloves fund.

'49 Seniors Plan Various Projects

All work and no play makes Jack a dull boy, one has heard all his life, and if plans of the Senior Class do not go astray, there won't be any dull boys or girls in their class.

Yes, the Seniors are planning to do a little stepping-out in the way of taking one good old trip to brighten up their dull lacking of knowledge of travel. The class definitely plans to go to Colorado Springs, and have hopes of seeing Denver, funds and other conditions permitting.

As for the funds, the Seniors are preparing to eliminate that worry, with, perhaps, a senior vs. faculty ball game, a box supper, and one or two other tricks they have up their sleeves.

Patrons attending these activities will contribute whatever amount he desires, and this, of course, will be placed in the "Senior Travel Fund." It is not in the program for any one to have a dull time at these entertainments, and the Seniors hope for a full house and a full purse afterwards.

See Madame X at H. R.'s today.

Track Boys Attend Two Track Meets

Friday afternoon the Canyon Junior Track team journeyed to Amarillo to have a dual track meet with Horace Mann Junior High. The final score was 75-38 in favor of Horace Mann.

Harold Slack tied for second place in the high scoring department with 13 points. Slack came in first in the high jump, second in the broad jump, second in the 50 yard dash and third in the 100 yard dash.

Tommy Middleton gained the

first place by winning first in the 880 yard run.

Following is a list of the Canyon boys and what they ran and how they placed:

100 yard dash, second place, Bob Busted; third place, Harold Slack.

120 yard low hurdle, second place, Bob Busted.

220 yard dash, second place, Bob Busted.

440 yard relay, second place, Canyon.

Discus, third place, Ray Burrus.

Shot put, second place, Ray Burrus; third place, Dwain Currie.

Pole vault, second, Roy McCarter.

High jump, first place, Harold Slack.

Broad jump, second place, Harold Slack.

Chinning, Standley Shaffer tied for second.

"The Horace Mann team has been working out for six weeks and we have only worked out two weeks. I believe we could be their equal with six weeks' training," states Coach Jerry Jacobs.

The Eagles made 5 1/2 points at the Panhandle track meet. Jimmy Lindsey got second in the discus, Albert Craig tied for third in the pole vault, and the 440 yard relay team got fourth.

The Homemaking III girls will leave Thursday noon on a field trip to Amarillo. Three furniture stores will be visited to help them in their study of furniture.

See Madame X at H. R.'s today.

Record General Horace Randal Being Uncovered

The history of General Horace Randal, for whom Randall county is named, is being compiled by a second cousin, Oscar Randal, retired druggist of Amarillo.

Where Randall county picked up the second "I" in the name has not yet been revealed.

Oscar was here Friday showing a large number of original pictures, among them a picture of General Randal when he graduated from West Point. He was the first native Texan to achieve that distinction.

Another picture shows General Randal and his bride.

General Randal was killed in his 30's in the Civil War. His body is buried in Texas, and Oscar has secured a picture of his grave, showing the original grave stone.

Mr. and Mrs. Oscar Randal decided about two years ago to trace their ancestry. He is the last child of a large family. Before they started to dig into the past, their family history was pretty well hidden.

"I do not wish to leave our family history in such a confused condition for our nieces and nephews," stated Mr. Randal. They have traveled thousands of miles, interview-

ing various persons who knew anything of the early history of their families, collecting data and pictures.

The old pictures are being restored by an Amarillo photographer, and copies made. This expense alone has mounted to more than \$1,500. When their work is done, Mr. and Mrs. Randal hope that the original pictures, will be placed in the Museum, together with enlarged copies which they are having made of all of the pictures.

"While I have lived in Amarillo for more than 30 years, I did not know that I was related to the man for whom this county was named until I started to dig into the history of my family," stated Mr. Randal.

It is likely that it will take about a year more for Mr. and Mrs. Randal to complete their investigations. When the history is compiled, they will turn copies of their findings over to the Museum for preservation.

Assembly of God Church To Hold Revival in April

REV. PAUL H. COXIE

Beginning on April 3 and continuing through April 17, the Assembly of God Church will hold a Revival under the direction of Rev. Paul H. Coxie, well-known evangelist and radio speaker.

Rev. Coxie will preach each evening at 7:45 o'clock, except Saturday evening.

Rev. W. J. Phelps, pastor of the local church, will assist Rev. Coxie. Everyone is extended a cordial invitation to attend these services.

Missionary To Holland Will Sepak at Church of Christ

Jacob C. Vandervis, missionary of the Church of Christ to Holland, will speak at the Church of Christ Thursday, March 31, at 7:30 p. m.

L. Arnold Watson, minister of Northside Church of Christ in Abilene, will accompany him here.

Mr. Vandervis, a native of Holland who spent several years in the U. S. and returned to Holland as a gospel preacher, is here on a speaking tour to better acquaint us with his work there. The public is urged to take this opportunity to hear him, states Joe P. Watson, minister of the local Church of Christ.

Marriner S. Eccles, former Chairman of the Federal Reserve Board, disagreed with the recent decision by the Board to relax the terms governing installment sales. Mr. Eccles would have preferred to wait for more evidence on a decline in sales, than to let up sharply and suddenly on credit controls, perhaps dropping them altogether.

MR. AND MRS. JOHN G. WINKELMAN HERE FRIDAY

Mr. and Mrs. John Gilbert Winkelman, accompanied by his parents, Mr. and Mrs. Ben Winkelman, spent Friday at the Warwick and Haley homes.

John Winkelman and Miss Diana Hauptman were married in Denver on March 19. Both are students in the University of Denver, and they will continue in college there. They had been on a honeymoon trip to New Mexico and came by to visit in the home of his parents.

Because of his recent operation, Mr. and Mrs. Winkelman were unable to go to Denver for the wedding.

MIKE O'CONNER HONORED WITH 3rd BIRTHDAY PARTY

To honor her son, Mike, on his third birthday, Mrs. Dan O'Conner, entertained a group of his small friends at a party at her home on Tuesday afternoon, March 22.

After games had been played and the gifts opened, refreshments of Merry-Go-Round cakes, ice cream cones and punch were served to Bill Moore, Cindy McGregor, Steve Burgess, Linda Burgess, Jane Jarrett, Steve Crowell, Karen Stoezeling, Jan Newman, Judy Newman, Judy Roberts, Mary Whaley, Davis Price, Billie Walker, Bobby Haggard, Kay Jarnagin, Bill Jarnagin, Pat O'Connor and the honoree.

Senator J. Howard McGrath, Chairman of the Democratic National Committee, is expected by White House aides to resign the Chairmanship before long. Senator McGrath is not pleased by the President's tendency to undercut him on party matters, and the White House is not pleased by its whole relationship with the Senate.

Military aid for Greece and Turkey is to be wrapped up in the lend-lease packaging that the White House is getting set to offer Congress.

NOTICE TO THE CREDITORS AND DEBTORS OF THE ESTATE OF FREDERICH SCHUETTE, DECEASED

Notice is hereby given that original letters testamentary upon the estate of Frederick Schuette, deceased, were granted to me, the undersigned, on this the 16th day of March, 1949, by the County Court of Randall County, Texas. All persons having claims against said estate are hereby required to pre-

sent the same to me within the time prescribed by law. My residence and post office address is Canyon, Randall County, Texas.

Executrix of the Estate of Frederick Schuette.

Speeding automobiles carry you fast, where you want to go, but sometimes they carry you faster where you do not want to go.

If you go to Mexico City, should you attend a bull fight? Whoever you decide to do, you will probably be sorry. If you attend, the suffering inflicted on the bulls will make you regret being there; but if you do not go, you will miss one of the sights of Mexico.

I have seen "death in the afternoon," as Ernest Hemingway calls the national sport of Latin America and Spain. The arena del toros in Mexico City is the largest in the world, even larger than the arenas in Madrid and Toledo. The wooden bowl has no top and it seated 12,000 — (it may have since been enlarged). Seats are "sombra" (shade) and "sol" (sun). Those in the hot glaring sunlight are cheaper. The fights are held on Sunday afternoons and the stands are always packed.

First there came a flourish of trumpets; then the participants paraded around the ring. The matadors were lavishly attired in tight, knee-length trousers, shirt and jacket, each of a different hue. Some of their admirers flung their hats into the arena, the matadors tossing them back and waving and smiling to the cheering thousands. The circuit completed, they filed out, and then expectancy descended upon the throng.

Suddenly a gate opened and a big, spirited bull dashed into the ring. At the shouts which greeted him, the animal paused, his head high and turning from side to side. And then he became conscious of the presence of a man near him—a man with a bright red cloak. The bull charged and the man sprang to one side. The bull slowed, stopped, turned and charged, this time coming so close that another man sprang out to divert his attention.

Then came a picador—a man on horseback with a spear. The horse was little more than skin and bones, but the rider was a man whose size indicated his power. When the bull charged, the rider wheeled so that the steed's side was protected by a heavy padding and the man drove his lance into the bull. The weapon would not penetrate very deeply and the wounded animal would push furiously in an effort to reach his enemy. It was a contest of strength between man and bull.

Another picador repeated the performance but this time the bull swung so quickly that he was on the unprotected side of the horse and gored the poor creature who reared and then dropped to the sand. Peons rushed in with their capes to distract the bull while the picador could extricate himself and the dead horse was then dragged out.

And then entered the banderillos, each armed with a dart in either hand. As the bull would charge, the banderillo would wait until the last split second, spring to one side and at the same time would implant one of the arrows in each shoulder. It was cruel by American standards but

it was superb timing and highly dangerous.

Several times, the bull wheeled and re-charged, forcing the banderillo to run for the shelter of one of the wooden shields built at intervals near the wall. Once, no shield being close, the banderillo climbed the wall, inches ahead of the vicious horns.

And then came the matador, "armed" only with a cape and he played the animal while the crowd cheered. There is a certain ritualism to follow. The matador spins and sidesteps; sometimes he does not move from his tracks but merely twists his body a fraction of an inch out of the path of the horns.

By now, the bull's side is stained from the wounds of the spears and from the ornamented arrows that still cling to his shoulders and he is tiring from his exertions and from the loss of blood. As the animal stands motionless in pain and puzzlement, the matador drops tauntingly in front of him on one knee and the crowd cheers.

At last, the matador is given a sword and he keeps it concealed behind the waving red cape until he induces the bull to lunge. The cloak is dropped and the naked blade gleams for a moment, then enters the vital spot between neck and shoulders. To the hit, it goes and remains; the blood pours in a stream; the bull sways, then suddenly topples and in a moment or so, he is dead.

But that was only the first one. There were six more to be killed.

Every Citizen Owes \$1,917 on the Debt Federal Government

Judge J. D. Hamlin of Farwell, heads a committee of the West Texas Chamber of Commerce on the public debt. According to his committee, each citizen of America owes \$1,917 as his share of the national debt.

According to the distribution of the debt, Judge Hamlin figures that Randall county has a federal debt of \$13,773,645. This debt has nothing to do with county, school and city debts.

The present debt of the federal government is nearly 252½ billions of dollars.

Miss Gaume, Mrs. Ples Harper Give Recital Sunday

Matilda Gaume, assistant professor of music, and Mrs. Ples Harper, wife of Dr. Harper, head of the department of languages at West Texas State College, will appear in a piano recital Sunday, April 3, at 3:30 p. m. in the Administration Building auditorium.

The general public is cordially invited to the recital of these popular artists.

The recital is being sponsored by the Canyon branch of the American Association of University Women.
